

Greek Animal Rescue needs your help!

Greek Animal Rescue is a UK based charity founded in 1989 in order to alleviate the suffering of animals in Greece.

Greek Animal Rescue aims:

- To expand rescue work through the shelters we support.
- To provide needy animals with necessary treatment and care.
- To rehome as many animals as possible, to make room for other needy cases.
- To spay and neuter as many dogs/cats as funds will allow.
- To advance public education in all aspects of animal care and protection.

Greek Animal Rescue could not continue to carry out its work without the kind donations from people like you. Large or small, by making a contribution you are helping us save the lives of animals in need.

Brighton Marathon in aid of Greek Animal Rescue

On Sunday 18th April 2010 Paul will be running the Brighton Marathon and all proceeds raised will go towards helping stray and abused Greek animals.

"I am lucky enough to have 7 rescued Greek dogs, all thanks to GAR, and would love to raise as much money as I can as some small repayment for all the joy my dogs bring me every day."
